Inaugural Dutch Spotted Breeding Sheep Sale – A Successful Opening at Hawes

A busy ringside of purchasers and onlookers created a real buzz at Hawes Auction for our inaugural sale of Dutch Spotted breeding sheep, with a strong entry of quality sheep and plenty of interest throughout the sale.

We would like to place on record our sincere thanks to the Yorkshire Regional Group of the Dutch Spotted Sheep Society for their support in bringing this exciting new fixture to Hawes. We have thoroughly enjoyed working alongside the group and look forward to building on this relationship and working with them again in the future. A special thank you must also go to our judge, Megan Rowlandson, who did a brilliant job selecting the pre-sale champions from an excellent line-up of sheep.

The sale topped at an impressive £1,250 for Lot 807, Cap & Stick Jailhouse Rock, from Harvey Capstick. Sired by Blackjack Hulk, this outstanding tup attracted considerable interest before selling to a strong ovation.

Tup shearlings sold to £1,150 for Lot 867, Pillmire Itsfiveoclocksomewhere, from RL & P Ridley, demonstrating the strong demand for quality breeding males.

A keen interest was shown throughout the breeding gimmer section, with the sale topping at £1,050 for Lot 819, from JG Atkinson & YJ Clark, a gimmer sired by Tiptop Harper.

The gimmer lambs also met with a strong trade, topping at £550 for Lot 822, Middlemoor Jayleen, from J Stead. Overall, the inaugural Dutch Spotted breeding sheep sale at Hawes proved to be a very encouraging opening fixture, with a strong ringside, plenty of interest from both purchasers and onlookers, and a solid trade across all sections.

We would like to thank all vendors, purchasers, the Yorkshire Regional Group, our judge Megan Rowlandson and everyone who supported the sale. We look forward to developing this fixture and welcoming everyone back to Hawes for future Dutch Spotted sales.

Kindly Judged by Megan Rowlandson, Damson Flock
